RED CROSS WAR FUND GROWING BUT IS STILL FAR BELOW TOTAL EXPECTED

+++

Red Cross Mass Meeting
Sunday, 8 P.M.
Woman's Club House
Address by Prof. Tully C. Knoles
Univ. of Southern California
Bring your friends

Sierra Madre has already gone over the top so far as the quota is concerned in the Red Cross War Fund campaign. But unless there is a sudden spurt the total will fall considerably below the sum hoped for.

The quota of \$4,000 is \$1,000 less than that of last year, due probably to the great increase in the number of chapters and increased membership all over the country. Last year the sum collected was \$6,800 and it was expected that amount would be at least equalled this year, regardless of the quota.

Chairman Jones reported to state headquarters last night that pledges already received were over the \$4,000 mark.

Fine Team Work

Never has a campaign been more thoroughly organized or actuated with a finer spirit of cooperation than this one. The workers have been making the canvass most thorough, and are finding people waiting for their chance to give. In many cases checks were already written out and awaiting the solicitors. The education which was necessary in many cases last year has not been required.

Cases of indifference are few. In a very few cases solicitors have been unable to reach persons assigned to them. For reasons known only to themselves the people did not seem to wish to be interviewed and simply refused to answer the door bell. They seemingly overlook the fact that it is not a mere solicitor to whom they are showing discourtesy, but representatives of the United States government and the soldier boys who are fighting their battles in France.

There have been some disappointments in cases where large amounts were expected, due to changed conditions which made the duplication of previous donations impossible now. Hence it is absolutely essential that all possible be gathered in if the total is to reach anything like the desired mark.

The plea for wide distribution is having its effect and in many cases the contribution of the head of the family was divided up so that every member would have the honor of helping in the great cause.

Headquarters Busy

Campaign headquarters provided in the Kersting block, are busy most of the time. Chairman J. D. Mackerras of the Red Cross chapter and C. W. Forman, cashier for the campaign, have been spending much of the time there to receive reports and advise with workers. Work has been greatly facilitated by the excellent and voluntary clerical and stenographic assistance of Mrs. Bernice Crawford.

Through the patriotic cooperation of a number of merchants two striking full page ads prepared by the state committee have appeared in the News. The firms assisting in this are S. R. Norris, Allen T. Gay, Bergien Bros., Sadler & Co., Andrews & Hawks, M. D. Welsher, F. H. Hartman, H. W. Sander, First National Bank, Sierra Madre News, S. R. G. Twycross, The L. W. Blinn Lumber Co., Martin Olsen, Sierra Madre Electric Co., Sierra Madre Hardware Co., Sierra Madre Telephone & Telegraph Co., A. N. Adams.

Mass Meetings

Arrangements for speakers were in the hands of C. C. Wilson, who planned two meetings, last Sunday night and next Sunday night. The club house was packed last Sunday night and the crowd received a genuine treat. Next Sunday night Prof. Tully C. Knoles will be just as well worth hearing. He is one of the big men of the University, has filled the pulpit of Dr. Free-

man at the First Presbyterian church in Pasadena, and has been accorded wide recognition for his platform work in behalf of the Red Cross.

Great Combination

It would be hard to find a better combination than the two men who spoke last Sunday night, Leslie R. Henry and R. H. Mouser. The latter is widely known for his poetry which has appeared in many of the papers of Southern California. He talks as he writes, with a fine combination of humor and pathos. His readings of some of his own verse scored a great hit. Mr. Mouser, who is as gigantic as Mr. Henry is slight in build, explained that the only reason he was not over in France with our fighting forces was that all the trenches would have to be enlarged to permit him to enter them. But he is doing a big bit here with his platform and pen work.

Whenever Leslie Henry will come to town to talk, he will be sure of a crowd, regardless of his subject. His talk was a duplicate of his Liberty Loan address in its rapid fire intensity. Few speakers have Mr. Henry's power of "getting over" to his hearers.

Mr. Henry showed plainly the universal obligation for service. "By what accident is it that you were not born a male, or were born more than thirty or less than twenty-one years ago? Or by what providence is it that I am disqualified from military service by a blind eye though within the draft age? A mere accident of birth or circumstance keeps you and me at home and sends others across the seas to fight for us. It is done at our command, through our duly elected representatives in congress. Under these circumstances there is no immunity from service. The obligation is universal. We at home must do our part through the Red Cross and other forms of loyal co-operation."

There was no harrowing of the feelings of their hearers by the speaker for the sake of making the Red Cross work more appealing. Instead Mr. Henry related a number of incidents to show the wonderful work which is done not only with the armies but with the civilian population to aid in keeping up the morale of our allied peoples.

Mr. Wilson presided at the meeting, and delightful solos by Mrs. Ashmore and Prof. Walker added to the interest of the evening.

REDCROSS CHAPTER NOTES

The local chapter has been requested by the Pacific Coast headquarters at San Francisco to furnish 25 army comfort kits. To properly make these up donations are asked of safety razors, jack knives, whetstones, and 25 packages of postal cards. These may be left at the chapter rooms.

As next Thursday will be Decoration Day, the usual weekly luncheon will be omitted, but will be resumed the following Thursday.

One box of hospital shirts and one box of ambulance pillows were shipped this week.

A good sized shipment of clothing and other needed articles was sent by Mrs. Ingraham of the Relief Committee to go to France on the relief ship soon to sail from Los Angeles harbor.

The total membership is now 985. Active workers are increasing in number but are still lamentably few.

Mrs. W. P. Caley entertained on Sunday with a dinner party in honor of the birthday anniversary of her daughter, Maybelle. A large white birthday cake with pink candles centered the table and at each plate were corsage bouquets of Cecil Brunner buds. The guests included Misses Ethel Powell, Marian Decker, Verna Tribble, Avis Preston and Mrs. Wm. Dennison.

SHERIFF CLINE INVITES SCRUTINY OF RECORD

Incumbent is Candidate for Re-election, Claiming Record Justifies Retention

In announcing my candidacy for re-election to the office of sheriff, I desire to repeat what I stated before my last election and what, since that time I have scrupulously fulfilled to the letter, namely: That it shall be my purpose to fulfill the duties of this office with thoroughness, efficiency and dispatch; I shall faithfully and expeditiously turn in and account for every penny of county fees which, by law or otherwise, comes through this office; and the books, records and accounts shall at all times be open for public inspection. These things I have done during my present incumbency and these I promise for the future.

I invite the closest scrutiny and investigation of my record as an officer and as a man, and rely upon it for a return to this office.

Attention to the duties of my office, as well as the additional problems of war, with which we are all concerned, compels me to forego any personal canvass or political procedure which, under different conditions and during normal times might be considered advisable.

Elected or not elected, it is my intention and purpose to expend what my means will permit me to expend in aid of the Red Cross and the country's necessities rather than in aid of any local political campaign.

I therefore appeal to you, my friends, and to the public generally, to again honor me with your confidence and return me to the office of sheriff in August and thus permit me to devote my time and energy to the office, not only in relation to the city and county affairs, but also in relation to the government of the United States.

JOHN C. CLINE,
Sheriff of Los Angeles County.

WOMAN'S CLUB WILL ELECT OFFICERS

Annual election of officers of the Sierra Madre Woman's Club will take place at the regular meeting on Monday, May 27. Polls will be open from 1 to 3:30 in the afternoon.

The program will be in charge of Mrs. W. S. Andrews who will present Mrs. W. A. Galentine of Redondo. She will take for her subject "Education in Citizenship." There will be special musical numbers, arranged by Miss Frances Webster of Lamanda Park and Miss Gertrude Cook. The meeting will be open to the public.

Mr. and Mrs. Geo. Canfield of Altadena were the guests of Mr. and Mrs. W. P. Caley on Saturday.

YOUR RED CROSS PROTECTS THESE BOYS

More than a dozen Sierra Madre boys are now in France. Several are on the Atlantic to protect the ships in which those now in this country will cross to France. All are in the war to fight for you!

If you knew that your contribution was absolutely necessary to enable the Red Cross to save the life of any one of these boys how much would you make it?

EXPERT SURVEY OF LOCAL WATER PROBLEMS IS ORDERED BY CITY TRUSTEES

Engagement of a water expert at a cost of \$500 to give expert counsel as to the water development program for Sierra Madre was by far the most important item of business transacted at last night's meeting of the city trustees. Mr. Frank H. Olmstead of the engineering firm of Olmstead & Gillien was the man selected. He is one of the best known and highly regarded water experts in Southern California.

Comprehensive Study

Chairman Holabird of the water committee reported that Mr. Olmstead had attended a meeting of the committee when the problems confronting the city were discussed at length. He then read a letter from Mr. Olmstead, making a proposition to the city and specifying in detail the great number of variety of things to be investigated. When the report is submitted the city should have a good working program for the future, taking into consideration growth and other factors. The proposition was accepted, the work to be completed within sixty days.

Inspector on Pump

At the request of Chairman Holabird, the water committee was authorized to hire a competent inspector to watch the installation of the new pump at well No. 2—when the pump appears.

Pump Delayed

Water Supt. Biederman reported on the equipment so far received for the pumping plant, which did not include the pump from the Byron Jackson Iron works. Mr. Holabird said the company had promised him the pump would be on the ground by May 18th, but so far no explanation for the failure had been received. Warrants for installments now due were held up pending receipt of explanation and a "jacking up" was directed for the company.

No Shooting Permits

A request from J. J. Guelph for a permit to discharge fire arms on his ranch to rid the place of predatory animals was denied on the advice of Attorney Ham that the enforcement of the ordinance would be rendered impossible in case of such discrimination.

Weeds Must Go

Marshall Udell was instructed to enforce the law requiring the removal of inflammable weeds and grass from all property. He will proceed under the state law which enables the city to clear those lots which are not taken

care of by the owners, the cost to be collected with the city and county taxes.

Board of Health

The Board of Health was re-appointed, including Dr. R. H. Mackerras, health officer, Capt. J. A. Osgood, Franklin Biederman and A. N. Adams, and Mrs. Harriet S. Wright was named to fill the vacancy.

Mrs. Amelia Jensen, municipal nurse, was appointed health officer pro tem, during the absence of Dr. Mackerras.

Attorney Resigns

City Attorney Ham placed his resignation in the hands of the board, to take effect at any time within 60 days if the board so desires. He declared his desire to work in complete harmony with the board and while wishing to continue in office, placed the matter in their hands so the members would be free to act as they saw fit. On motion of Trustee Tarr, action on the resignation was deferred until the next regular meeting.

Tin Cans Valuable

A junk man having offered \$20 for the privilege of hauling away the tin cans on the city's dumping ground, it was suggested by Trustee Saunders that some revenue might be derived from month to month on the cans and rubbish collected by the city. The matter was referred to Chairman Webster of the street committee.

City Wages Boosted

To keep pace in part with the h. c. of l., and the upward trend of wages generally, the board voted to increase the rate of pay for city laborers from \$2.50 to \$3.00 per day. He reported the city was having difficulty in retaining its good men who were attracted by the high wages to be had elsewhere.

CROSS COUNTRY AUTO TRIP FOR NURSES

Mr. and Mrs. Clinton Nourse expect to start tomorrow on a trip across the country in their Dodge touring car. They will go to the Atlantic coast, primarily for the purpose of having a visit with their son Laurence, who is now with the Marines in the over-seas training camp, Washington, D.C. In case he seems likely to make an early start for France they may make a part of the trip by rail to reach the east quicker.

Mr. and Mrs. Joseph Leguin are rejoicing over the arrival of a baby girl, Mildred May, born Monday, May 20.

RED CROSS WORK IN THE BIG DRIVE

Burton Bovard, a nephew of Miss Alice Tufts and cousin of the editor of the News, will be remembered by many Sierra Madre people, having spent a year here in company with his brother Gilbert and other members of his family. When war was declared he tried to enlist at once but was turned down because of his vision. He enrolled with the Northwestern University base hospital unit and was sent to France almost at once. He has been within sound of shell fire for almost a year.

In a letter received by Miss Tufts he tells of the big drive as seen from the hospital standpoint. The letter was written April 7th. He says that when the big drive began they worked for 84 hours—three and a half days—without sleep. For the next ten days he averaged three hours sleep out of 24, and got that "with boots on." Meals were taken on the run.

By the time relief came, Bovard writes, he was practically asleep on his feet. His muscles were still good, so he could pick up a big guardsman bodily from the operating table—and then simply couldn't think what to do with him. He could not anticipate the surgeon's wishes as is usually done but would start for something and then forget what he was after.

Will you help the Red Cross give needed assistance for that kind of work?

IT COST ONE DOLLAR TO SAVE THIS LIFE

Perhaps It Was Your Red Cross Dollar That Gave This Broken Flier His Chance to Live.

By BRUCE BARTON
Of the Vigilantes.

From the ground they could see that there was something the matter with his machine. And even while they watched through their glasses he began to fall.

A minute later the little Ford ambulance was puffing its way across the five miles of shell-stricken road that lay between them and him.

They found him beside the machine. He was unconscious, but a tree had broken his fall.

"Just in the nick of time," said the doctor crisply. "He'll be a pretty sick boy for a few weeks, but we'll have him all right again and back with his French comrades."

So they put him into the little Ford

ambulance, and—less than an hour after they saw him fall he was safe in a clean white bed.

"That's what it means to have plenty of equipment, plenty of ambulances and doctors and bandages and everything," said the Red Cross man who told me. "It means the difference in getting there on time or getting there just a minute too late."

"Wonderful!" I answered. "And how much did it cost you to make that trip—to save that one French boy's life?"

He flushed a little. "We don't measure it in terms of money."

"I know it. But what do you think it cost?" I persisted—for gasoline and

the trip and the bandages and all?"

"Perhaps a dollar, maybe two. But why do you ask?"

"A dollar!" I answered. "A dollar to save a boy's life! To send him home again from the war to the mother and father who have scanned every headline and waited breathlessly for every visit of the letter carrier! Can a dollar do a miracle like that?"

"It can," said the Red Cross man. And then the thought occurred to me that perhaps it might have been one of my dollars.

It was somebody's dollar that did it. It might have been mine—or one of yours.

Who knows?

Your Red Cross Fighting Dollars

Your Army and Navy fight to make the "World Safe for Democracy."
Your Red Cross fights to make it FIT for Democracy—
Fights for your soldiers—yours and your allies—in trench, canteen and hospital.
Fights for the little children, to save them for the nations' upbuildings of tomorrow.
Fights for the swarms of homeless, dazed refugees and "repatriates" thrown out from the war's black whirlpool.
Fights the white plague, tuberculosis, that takes a greater toll than lead and steel.
Fights in every war stricken country to uphold a wrecked and suffering humanity in its struggle for a free existence.
One hundred million dollars to "carry on."
No power of taxation, no interest rate to urge these dollars.
Each one a volunteer, sent willingly and by the heart alone.
The noblest fund of all the billions of this war's vast budgets—because freest given.
What share is yours? What sacrifice to mobilize those Fighting Red Cross Dollars?

EVERY CENT OF EVERY DOLLAR GIVEN TO THE RED CROSS WAR FUND GOES FOR WAR RELIEF

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen. It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay. It is supported entirely by its membership fees and by voluntary contributions. It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country. It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes whole populations in times of great calamity. It is there to help your soldier boy in his time of need. With its thousands of workers, its tremendous stores and smooth running transportation facilities, it is serving as America's advance guard—and thus helping to win the war. Congress authorizes it. President Wilson heads it. The War Department audits its accounts. Your Army, your Navy and your Allies enthusiastically endorse it. Twenty-two million Americans have joined it.

The Greatest Mother in the World

Stretching forth her hands to all in need; to Jew or Gentile, black or white; knowing no favorite, yet favoring all. Ready and eager to comfort at a time when comfort is most needed. Helping the little home that's crushed beneath an iron hand, by showing mercy in a healthy, human way; rebuilding it, in fact, with stone on stone; replenishing empty bins and empty cupboards; bringing warmth to hearts and hearths too long neglected.

Reaching out her hands across the sea to No Man's Land to cheer with warmer comforts thousands who must stand and wait in stench and crawling holes and water-soaked entrenchments where cold and wet bite deeper, so they write, than Boche steel or lead.

She's warming thousands, feeding thousands, healing thousands from her store; the Greatest Mother in the World—The Red Cross.

THINK IT OVER

These are days of stress when the person who can go cheerfully about his business and not weary his neighbor with tales of frazzled nerves is at a premium. In such times it is easy to magnify an untaut word into a great offence. Thereby people who ought to be harmoniously engaged in patriotic work are estranged and their usefulness impaired. Of all times, these are days when we must show a little more charity, a little more patience and tact if all of us are to do what is needed from us. Think it over—not for the other fellow but for yourself.

BEAT UNCLE SAM TO IT

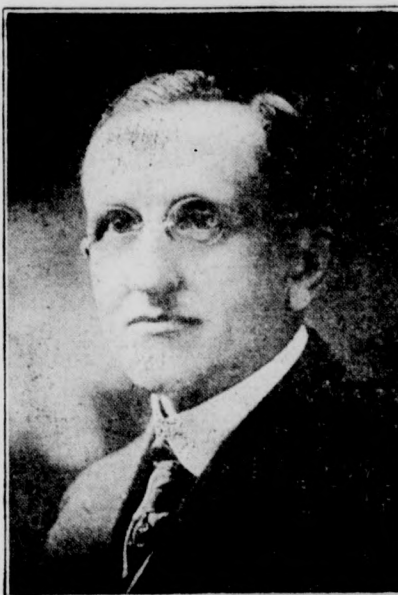

Make up your own list of non-essentials if you object to having it done for you by the government. Then quit spending for those things and put the money into War Savies!

CREDIT FOR RANDALL'S PLAN

Los Angeles Tribune:—Congressman Randall is a public official who, in the performance of duty, goes half way to meet his responsibilities. When vice challenges the exercise of restrictive authority, he doesn't whine "I can't do anything" or disloyally declare "I won't act." Witness his appeal to Secretary Daniels for action against the disreputable Vernon liquor joints. In that he voiced the sentiment of the whole body of decent men and women in Southern California, who protest against the Vernon dens not only in the name of decency but in the name of patriotism.

Mr. Randall asked the Secretary of the Navy to create a 30-mile saloonless zone radiating from the Los Angeles and Long Beach harbors. Practically all the cities within that zone have of their own volition banished the saloon. Venice and Vernon cling to the public bar, although in each place a considerable body of right-minded citizens are incensed by the conditions they are unable to remedy. The creation of such a zone as Representative Randall suggests would stop the sale of liquor in both Vernon and Venice and so put an end to a menace that has grown to be most serious.
